Things you can do at home:

1. Use the revision booklets from the school website

Science Biology/Chemistry/Physics Revision Guide 2018

Separate science here

Science Trilogy Revision Guide 2018

Combined science here

2. Look at the resources from the exam board. There are no past papers but there are some practice questions here:

Combined:

4. The school science website. There are powerpoints for every topic as well as an online programmed that lets you practice all of the required practicals.
Go to my apps and subjects:

Select science

Here you can see links to GCSE science, the science dictionary as well as focus learning where you will find video clips and the required practical software:
