

2 October 2027

Dear Parents/Carers

### People's Emergency Briefing

I am writing to you on behalf of the Weald School Eco Club. I am inviting you to attend a screening of the people's emergency briefing film on the threats to British life from ongoing damage to nature and to our climate.

Location: The Weald Community School Station Road, Billingshurst, West Sussex, RH14 9RY

**Date:** 10 November 2026

**Time:** 6.30pm - 7.30pm

The film features footage from last November's National Emergency Briefing, which brought together leading UK experts in climate science, food security, health, economics, national security and nature and it presents a clear, measured overview of how the climate and nature crisis is affecting everyday life in Britain - and what the evidence says about risks and responses.

The purpose of the Briefing is to support informed democratic discussion and ensure that public institutions, businesses and communities share a common understanding of the scale and urgency of the challenge, and how it will impact your future, and that of your children.

Following the 50-minute film, we will host a 30-minute structured local discussion, and we have invited Andrew Griffith and John Milne, the MPs that serve the Weald's catchment area.

This is a ticketed event, as spaces are limited, but it is free. You can get your tickets [here](#). If you are unable to make the screening at the Weald, there are also screenings at the Women's Hall, Billingshurst, RH14 9QX on Monday 12 October at 10.00am and Wednesday 11 November at 7.00pm.

Come to learn about not just your Britain but the future of your children's Britain and how the actions we take now will help give them a brighter future, and avoid the climate catastrophe that awaits us if we do nothing,

Yours faithfully,

Theo hale
