

3 July 2026

Dear Parent/Carer,

Arrangements for hot weather week commencing 6 July

As we are forecast to have very warm weather again next week, students may wear their bottom half PE kit (shorts and trainers) with their school polo shirt to ensure that they are comfortable whilst in school.

Sponsored Walk - Wednesday 8 July

As you will be aware, the annual Sponsored Walk is an important part of The Weald School's ethos and our commitment to support educational opportunities globally. However, the weather forecast for next week has made it difficult for us to run the walk as we had planned to do. Therefore, in order to keep the students and staff safe, we have made the decision to shorten the length of the walk in order that everyone will return to school by midday.

A large part of the walk is under the cover of trees, in shade and we will have water available at frequent stops along the route. Please make sure that your child brings a water bottle with them, has put sun cream on and is wearing suitable footwear.

If you have any questions regarding the sponsored walk or the charity "*Classrooms for Kenya*", please email ndixon@theweald.org.uk for more information. Thank you all for your continued support.

Yours faithfully,

Ms Z Sorrell
Deputy Headteacher
