

Accompanying message for parents:

Each term we will be sending home an e-postcard with some of the key questions that staff will be considering, discussing and pondering with our students. Curiosity and ‘wonder’ are important features of learning, and we would like to involve parents in that learning. So we would ask that you use these questions to stimulate discussion and to provide you with a starting point for ‘wondering’ alongside your child.

If you would like to find out more about what your child is learning at school, please do take a look at the Curriculum maps on our website. You will find one for every subject [here](#).

The Weald wonders...

What has your child been thinking about this half term..?

What causes people to become criminals?

If you could paint a portrait of anyone in the world, who would you paint and why?

What would happen if the Internet went down for 24 hours?

How would life be different without plastic?

How much exercise should you be completing a week?
