

Accompanying message for parents:

Each term we will be sending home an e-postcard with some of the key questions that staff will be considering, discussing and pondering with our students. Curiosity and ‘wonder’ are important features of learning, and we would like to involve parents in that learning. So we would ask that you use these questions to stimulate discussion and to provide you with a starting point for ‘wondering’ alongside your child.

If you would like to find out more about what your child is learning at school, please do take a look at the Curriculum maps on our website. You will find one for every subject [here](#).

The Weald wonders...

What has your child been thinking about this half term..?

What makes a great computer?

Why is the hormone serotonin invaluable to the travel and tourism industry?

Describe some of your favourite design styles - what is it that you like about them?

Why did we swap from imperial units of measurement to metric units of measurement?

Is nuclear power the answer to the energy crisis?

How did war improve healthcare?
