**Principles of care.  
Topic 1**  
The rights of  
individuals in care  
settings

Year  
9

In Year 9 Students begin the course by learning about the R032 principles of health and social care, including different care settings, types of people in care and the Rights of individuals in care and communication. They will also begin work on their first NEA when it is published in June. Pupils will be able to apply key vocabulary, begin to develop independence, understand the purpose of feedback and structure a PEEL paragraph
