

Y8 | TEXTILES KNOWLEDGE ORGANISER

Key Terms	Description	
Designing	Using pencil, pencil crayons to create tone and texture. Using fine liners to define designs. Labeling and annotating original ideas. Evaluating design success.	
Fabric painting	Use paint to layer and blend. Using mark making tools to create texture. Applying it to fabric as a fabric design on the front of the tote bag.	
Wax resist	Learning how to create pattern swatches and the wax resist method washing colour over waxed lines.	
Tie Dye	Tying fabrics in a number of different ways in order to resist dye in different fabric pattern designs.	
Block printing	Learning to use craft knives safely and correctly to create original print blocks from neoprene. Learning to print repeat patterns with accuracy and skill.	
Hand embroidery	Using embroidery threads to decorate our work with running, cross, back stitch, twisted running stitch, lazy daisy, french knots, chain stitch.	
Machine sewing	Carrying out a machine driving test to show control of the machine. Use the foot pedal to control speed, the balance wheel to move the needle up and down by hand on corners. Sew the bag together.	
Construction	Pinning, tacking and stitching. Using a running stitch to create a plain seam which is the join of the fabric. Sewing products together inside out so seams are hidden. Making handles from recycled fabrics.	

Health and safety checklist:

1. Hang coats and blazers on pegs.
2. Put bags and stools away to avoid trip hazards.
3. Remove blazers when using paint or dye, use an apron and tie it correctly.
4. Only use iron/sewing machine if given training first.
5. Long hair tied back when on machinery .
6. Wipe table with the cloth after practical work.
7. Place equipment in the correct place after use.
8. Wash up brushes and palettes thoroughly and carefully not to spill water.
