## UCAS

This is where students make their application to universities, and has lots of useful information for parents. You can also sign up for a handy UCAS parent’s newsletter at

## STUDENT FINANCE SITES

Student Finance UK information and applications:

Some universities offer scholarships, bursaries, hardship funds and other ‘in kind’ support. The best place to look for information about funding is the individual website of the institution. All the details about whether you’re eligible, what help is on offer, and how to apply will be there.

If you’re looking for information on funding from a charity, the [Family Action’s Educational Grants Trust](http://www.familyaction.org.uk) website allows you to search for information on hundreds of trusts that offer funding to students. If you’re looking for funding from your local council, you can check their website.

**Tip:** Don’t be shy and don’t assume you won’t be eligible - if you can’t find the information you’re looking for, there will be a number you can ring.
